Facing homelessness Stephan de Beer, Rehana Vally, 2022-02-10 In Facing homelessness Finding inclusionary

collaborative solutions we face the other and in facing the other we face ourselves This book contributes to an emerging body of knowledge on street homelessness in the South African context It is meant for researchers and scholars who are committed to finding solutions for street homelessness It offers conceptual frameworks and practical guidelines for a liberating and transformative response to homelessness It brings together authors from a wide range of disciplines fusing the rigour of researchers the vision of activists and the lived experience of practitioners In this volume the causes of street homelessness in South Africa today and its different faces are traced It critiques singular solutions and interrogates the political institutional and moral failures that contribute to the systemic exclusion of homeless persons and other vulnerable populations from society It proposes rights based interventions as part of a radical re imagination of how street homelessness can be ended one person and one neighbourhood at a time The analysis by the authors steers the direction of new ways of doing and being that could demonstrate concrete viable and sustainable alternatives to the exclusionary realities faced by homeless persons It argues for solution based approaches aimed at radical forms of social inclusion and achieved through broad based and creative collaborations by all spheres of society In the face and presence of street homelessness as one expression of urban vulnerability and deep socio economic inequality society is confronted with a clear political institutional moral and personal obligation This volume calls for a reclamation of community in its most inclusionary life affirming and interdependent sense asserting that we truly are well because of others and we are unwell if others are It is a call to reclaim our common humanity in the context of inclusive communities where all are equally welcome and bestowed with dignity and honour

The Workbook ,1986 **CROSSING THE LINE: Taking Steps to End Homelessness** Diane D.

Nilan,2005-11-07 Few social issues have perplexed Americans like homelessness Crossing the Line Taking Steps to End Homelessness changes that This reader friendly handbook is for those puzzled concerned impatient or oblivious about homelessness Decades of unremitting growth of homelessness continue to contradict this nation s prosperity The old woman toting her belongings in the rain the invisible family washing up in the restaurant bathroom the teen living in the public library or the shrouded figure sleeping in the park all swept under this nation s rug of shame Few families are immune from homelessness yet wholehearted approaches don t seem to attract the national attention energy and resources required for solutions Rampant poverty and despair uncovered in the aftermath of Hurricane Katrina began to raise awareness but a vast learning gap still exists for most Nilan takes readers on a staggering journey that clarifies homelessness in a way that inspires action This ordinary person doing extraordinary work for the past 20 years has compiled an engrossing chronicle of her extensive experience with homeless adults and children painting spellbinding images of the often nameless and frequently forgotten individuals Her passion for this issue and those labeled with the often negative designation homeless burns throughout this riveting work Crossing the Line takes readers behind the scenes at a hectic suburban emergency shelter and introduces an unlikely cast of characters who confirm the path to homelessness is easier to enter than to exit

Nilan's perceptions and her direct style avoid clichéd stereotypes as she depicts scoundrels and saints. She spares neither alcoholic nor lawmaker. She extols virtues of convicts and congresspersons. She challenges the affluent and the righteous don't just stand there do something. She holds the hands of first-time shelter volunteers. She guides those unable to volunteer but who want to alleviate suffering. She points out seldom-acknowledged systemic shortcomings and identifies societal faults without sparing herself. Disarming revelations about her foibles and fears remove excuses that only special or professionally trained people can help inspiring ordinary persons to alleviate the suffering and injustice of homelessness. Nilan offers seldom-revealed insights about this nation's poverty policies. Her book hits personal security in the gut with stories about who ends up homeless. Weaving her personal story throughout this book, Nilan clarifies personal responsibility of all Americans in addressing homelessness and bringing about solutions. No one is exempt: rich or poor, powerful or inconsequential in restoring the American Dream and eliminating the nightmare of homelessness. This unique chronicle allows readers to learn about the topic that only rises to the nation's attention when tragedies like Hurricane Katrina hit. It should be required reading for every political and religious leader, social worker and educator, journalist and news director, philanthropist and aspiring do-gooder. Finally, a book exists that tells a story about maligned persons that not only does them justice but demands justice for them. Nilan's willingness to take on this topic matches her motivation to ensure many more people cross the line. It's a journey worth taking.
