Fair Housing Comes Of Age:

Fair Housing Comes of Age George Metcalf, 1988 Over the past three decades the civil rights movement has succeeded in increasing equality of opportunity for minority groups in American society However as Metcalf suggests in this volume discrimination in the area of housing remains very real and very critical For despite the efforts of legislation like the Civil Rights Act of 1964 that has led to equality in voting education and employment for members of minority groups housing discrimination in various forms remains rampant with close to two million incidents of discrimination in housing occurring annually In this thought provoking treatment of housing policies and practices within the U S Metcalf traces the development of governmental intervention in the housing arena from the passage of the Thirteenth Amendment in 1865 through the Housing and Community Development act of 1974 Metcalf proposes that his text be used as a catalyst to induce the public to act and in turn to influence the courts administrators and legislatures at all governmental levels A detailed and well written volume Choice Despite legislation designed to eliminate discrimination in housing the ghettoization of minorities especially Blacks has become more severe in the past two decades In this compelling work George Metcalf examines the reasons why Title VIII has had so little effect and he documents the experience of the individuals and agencies who have carried the main burden in efforts to achieve fair housing He offers excerpts and data drawn from extensive interviews as well as careful analyses of twelve landmark decisions involving violations such as racial steering misinformation harassment redlining and exclusionary land practices

Housing Segregation in Suburban America since 1960 Charles M. Lamb, 2005-01-24 This book examines national fair housing policy from 1960 through 2000 in the context of the American presidency and the country's segregated suburban housing market It argues that a principal reason for suburban housing segregation lies in Richard Nixon's 1971 fair housing policy which directed Federal agencies not to place pressure on suburbs to accept low income housing After exploring the role played by Lyndon Johnson in the initiation and passage of the Fair Housing Act of 1968 Nixon's politics of suburban segregation is contrasted to the politics of suburban integration espoused by his HUD secretary George Romney Nixon's fair housing legacy is then traced through each presidential administration from Gerald Ford to Bill Clinton and detected in the decisions of Nixon's Federal Court appointees

act of 1974 Metcalf proposes that his text be used as a catalyst to induce the public to act and in turn to influence the courts administrators and legislatures at all governmental levels A detailed and well written volume Choice Despite legislation designed to eliminate discrimination in housing the ghettoization of minorities especially Blacks has become more severe in the past two decades In this compelling work George Metcalf examines the reasons why Title VIII has had so little effect and he documents the experience of the individuals and agencies who have carried the main burden in efforts to achieve fair housing He offers excerpts and data drawn from extensive interviews as well as careful analyses of twelve landmark decisions involving violations such as racial steering misinformation harassment redlining and exclusionary land practices

American Apartheid Douglas S. Massey, Nancy A. Denton, 1998-07-15 This powerful and disturbing book clearly links persistent poverty among blacks in the United States to the unparalleled degree of deliberate segregation they experience in American cities

Unfair Housing Mara S. Sidney, 2003 It is difficult to ignore the fact that even as the United States becomes much more racially and ethnically diverse our neighborhoods remain largely segregated The 1968 Fair Housing Act and 1977 Community Reinvestment Act promised to end discrimination yet for millions of Americans housing options remain far removed from the American Dream Why do most neighborhoods in American cities continue to be racially divided The problem suggests Mara Sidney lies with the policies themselves She contends that to understand why discrimination persists we need to understand the political challenges faced by advocacy groups who implement them In Unfair Housing she offers a new explanation for the persistent color lines in our cities by showing how weak national policy has silenced and splintered grassroots activists Sidney explains how political compromise among national lawmakers with divergent interests resulted in housing legislation that influenced how community activists defined discrimination what actions they took and which political relationships they cultivated As a result local governments became less likely to include housing discrimination on their agendas existing laws went unenforced and racial segregation continued A former undercover investigator for a fair housing advocacy group Sidney takes readers into the neighborhoods of Minneapolis and Denver to show how federal housing policy actually works She examines how these laws played out in these cities and reveals how they eroded activists capability to force more sweeping reform in housing policy Sidney also shows how activist groups can cultivate community resources to overcome these difficulties looking across levels of government to analyze how national policies interact with local politics In the first book to apply policy design theories of Anne Schneider and Helen Ingram to an empirical case Sidney illuminates overlooked impacts of fair housing and community reinvestment policies and extends their theories to the study of local politics and nonprofit organizations Sidney argues forcefully that understanding the link between national policy and local groups sheds light on our failure to reduce discrimination and segregation As battles over fair housing continue her book helps us understand the shape of the battlefield and the prospects for victory
