

Политическое участие и мораль

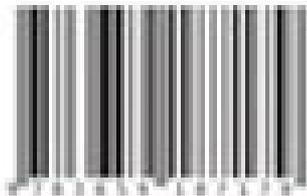

Данная книга посвящена разработке относительно новой для российской политологии проблемы – совместности политики и морали. Автор рассматривает природу и специфику политической морали, ее принципы и механизмы влияния на политический процесс. Этический анализ осуществляется на обширном теоретическом и эмпирическом материале, включающем новые политические проекты, выборы, неформальную конкуренцию, разнообразные формы массового политического участия на федеральном и региональном уровнях. Рассматриваются различные аспекты взаимодействия властей и гражданского общества, включая протестные выступления. Подчеркивается значение моральных принципов и норм. Полагаем, что данная работа будет полезна не только специалистам в области политической теории и социологии, но также всем читателям, интересующимся вопросами публичной политики в России.
