

ENGLISH-TIBETAN COLLOQUIAL DICTIONARY.

NOTE.

1. To understand fully the pronunciation of the Tibetan words and the transliteration into the Roman character, reference should be made to the preliminary chapter on the "The Alphabet and its Pronunciation." It is not possible to represent all the Tibetan sounds by Roman letters with exactitude; hence the importance of mastering that chapter before using this dictionary.

2. Where the colloquial and the literary forms differ appreciably, the latter are given in brackets in the Tibetan character. In the romanized Tibetan the colloquial forms alone are given.

3. Where two or more Tibetan words are entered against the same English word, the first is the one most commonly used.
