Sebeok** John N. Deely,1995 *Semiotics and City Poetics* Mary Coghil,2022-12-05 Roman Jakobson stands alone in his semiotic theory of poetic analysis which combines semiotics linguistics and structuralist poetics This groundbreaking book proposes methods for developing Jakobson s theories of communication and poetic function It provides an extensive range of examples of the kinds of Formalist praxis that have been neglected in recent years developing them for the analysis of all poetry but especially the poetry of our urban future Throughout the book the parameters of a city poetic genre are proposed and

established the book also develops the theory of the function of shifters and deixis with special reference to women as narrators It also instantiates an experimental poetic praxis based on the work of one of Jakobson s great influences Charles Sanders Peirce Steadfastly adhering to the text in itself this volume reveals the often surprising hitherto unconsidered structural and semiotic patterns within poems as a whole *Semiotik / Semiotics. 1.
