Thompson elicits vivid musings on such provocative issues as the third gender S M ritual as holy fire and spirituality in the age of Aids His interviews call out the deepest emotions of each of these vibrant leaders who reveal as never before the spirit and the soul of the gay life

Queer Callings Mark D. Jordan, 2023-11-07 CHOICE OUTSTANDING ACADEMIC TITLE FINALIST THE RANDY SHILTS AWARD FOR GAY NONFICTION THE PUBLISHING TRIANGLE AWARDS A passionate exhortation to expand the ways we talk about human sex sexuality and gender Twenty five years ago Mark D Jordan published his landmark book on the invention and early history of the category sodomy one that helped to decriminalize certain sexual acts in the United States and to remove the word sodomy from the updated version of a standard English translation of the Christian Bible In *Queer Callings* Jordan extends the same kind of illuminating critical analysis to present uses of identity with regard to sexual difference While the stakes might not seem as high he acknowledges his newest history of sexuality is just as vital to a better present and future Shaking up current conversations that focus on identity language this essential new book seeks to restore queer languages of desire by inviting readers to consider how understandings of sexual identity have shifted and continue to shift over time *Queer Callings* re reads texts in various genres literary and political religious and autobiographical that have been preoccupied with naming sex gender diversity beyond a scheme of LGBTQ identities Engaging a wide range of literary and critical works concerned with sex gender self understanding in relation to spirituality Jordan takes up the writings of Oscar Wilde Marcel Proust Djuna Barnes Samuel R Delany Audre Lorde Geoff Mains Eve Kosofsky Sedgwick Gloria Anzald a Maggie Nelson and others Before it s possible to perceive sexual identities differently Jordan argues current habits for classifying them have to be disrupted In this way *Queer Callings* asks us to reach beyond identity language and invites us to re perform a selection of alternate languages some from before the invention of phrases like sexual identity others more recent Tracing a partial genealogy for sexual identity and allied phrases Jordan reveals that the terms are newer than we might imagine Many queer folk now counted as literary or political ancestors didn t claim a sexual or gender identity They didn t know they were supposed to have one Finally *Queer Callings* joins the writers it has evoked to resist any remaining confidence that it s possible to give neatly contained accounts of human desire Reaching into the past to open our eyes to extraordinary opportunities in our present and future *Queer Callings* is a generatively destabilizing and essential read
