Enemy Sea:

Maritime Strategy and Sea Control Milan Vego, 2016-04-14 This book focuses on the key naval strategic objectives of obtaining and maintaining sea control During times of war sea control or the ability of combatants to enjoy naval dominance plays a crucial role in that side's ability to attain overall victory This book explains and analyzes in much greater detail sea control in all its complexities and describes the main methods of obtaining and maintaining it Building on the views of naval classical thinkers this book utilizes historical examples to illustrate the main methods of sea control Each chapter focuses on a particular method including destroying the enemy forces by a decisive action destroying enemy forces over time attrition containing enemy fleet choke point control and capturing important enemy's positions basing area The aim is to provide a comprehensive theory and practice of the struggle for sea control at the operational level It should therefore provide a guide to practitioners on how to plan and conduct operational warfare at sea The book will be of much interest to students of naval strategy defence studies and security studies Quarterly Review of Military Literature, 1939 *Geostrategic Psychology and the Rise of Forbearance* JIANG Peng, 2022-09-30 Based on the framework of geostrategic psychology this book elucidates the intrinsic law of the rise and fall of great powers and gives insights into the quandary of China's rise and the mechanism behind the strategy Conflating geopolitics and strategic psychology geostrategic psychology is rooted in the historical study of strategy and premised on an assumption that human beings bear resemblance in psychology and behavior when facing the same structure of geopolitical circumstance The book analyzes intriguing phenomena from strategic psychology including trend anxiety and conflict willingness the Old Man Phenomenon in international politics the Santa Claus Effect the Myth of the Sunk Cost Fallacy Bidder Myth Gambler's Game Philip Trap William's Dilemma Heartland Myth Domino's Fear Golden Nation Myth Alliance Commitment Dilemma and Corinthian Dilemma among others The author combines theory history and the practice of international politics revealing how a nation can occupy a favorable position in the field of global strategic competition and prospects for China The title will be a valuable reference for observers of international politics as well as researchers and students interested in international relations international politics geopolitics strategic psychology and geostrategic psychology On Seas Contested Vincent O'Hara, David Dickson, Richard Worth, 2014-02-15 On Seas Contested is an in depth analysis of the Second World War's seven major navies A team of expert naval historians have contributed chapters outlining the navies of the United States the United Kingdom and Commonwealth Japan Germany Italy France and the Soviet Union Each chapter consistently details key features such as weaponry training logistics and doctrine This definitive work will be a standard reference for years to come *Arctic Naval Combat in Support of Ground Operations* Lester Grau, 2025-12 Translated to English from the original Soviet General Staff report this is an account of the naval support of the Petsamo Kirkenes Operation in October 1944 the only large scale ground naval and air operation ever fought in the Arctic With additional contemporary supporting material on wider scale Arctic combat including descriptions of

combat tactics and weaponry from noted Soviet military scholar James Gebhardt this book provides a comprehensive and detailed description of the tactics and strategies employed by both Soviet and German forces during the operation from the official Soviet perspective The largest Arctic battle on record involving 133 500 Soviets and 45 000 Germans and Quisling Norwegians the Petsamo Kirkenes Operation sought to liberate the northernmost part of Norway from German occupation during World War II The Soviet navy played a previously unrecognized crucial role in the operation by providing fire support and transportation as well as conducting raids and combat landings on the enemy held coast The harsh Arctic environment including extreme cold ice and limited daylight posed significant challenges to the Soviet and German forces Despite these hardships the Soviet forces achieved their objectives defeated the German Army and successfully liberated the area Arctic Naval Combat in Support of Ground Operations is a powerful companion to Gebhardt s previous translation The Petsamo Kirkenes Operation Soviet Breakthrough and Pursuit in the Arctic October 1944 which details this operation s ground offensive Providing a starting point for the study and understanding of combined arms and services combat in the Arctic an increasingly important and accessible part of the planet where military concerns are rapidly expanding this work is a valuable addition to the literature of World War II military history and a significant additional perspective on the Soviet military
