Four Essays:

Pragmatism and Four Essays from the Meaning of Truth William James, 1909 *Observations on reversionary payments ... to which are added, four essays on different subjects in the doctrine of life-annuities ... A new edition, with a supplement, etc* Richard Price, 1781 **The Essays** Francis Bacon, 1908 **The Dialogic Imagination** M. M. Bakhtin, 1981 These essays reveal Mikhail Bakhtin 1895 1975 known in the West largely through his studies of Rabelais and Dostoevsky as a philosopher of language a cultural historian and a major theoretician of the novel *The Dialogic Imagination* presents in superb English translation four selections from *Voprosy literatury i estetiki* Problems of literature and esthetics published in Moscow in 1975 The volume also contains a lengthy introduction to Bakhtin and his thought and a glossary of terminology Bakhtin uses the category novel in a highly idiosyncratic way claiming for it vastly larger territory than has been traditionally accepted For him the novel is not so much a genre as it is a force of newness which he discusses in *From the Prehistory of Novelistic Discourse* Two essays *Epic and Novel* and *Forms of Time and of the Chronotope in the Novel* deal with literary history in Bakhtin's own unorthodox way In the final essay he discusses literature and language in general which he sees as stratified constantly changing systems of subgenres dialects and fragmented languages in battle with one another

Outlook Alfred Emanuel Smith, Francis Walton, 1923 *Isaiah Berlin* John Gray, 2013-04-07 This is a critical introduction to the works and ideas of the man regarded by many as the world's greatest intellectual Isaiah Berlin The author pays particular attention to Berlin's political thinking and other themes and preoccupations *The English Essay and Essayists* Hugh Walker, 1915 **Catalogue** Wesleyan University (Middletown, Conn.), 1906 *Calendar* University of Toronto, 1895

E. Haldeman-Julius John W. Gunn, 1924 *Transnational America* Everett Helmut Akam, 2002 The melting pot is one of the most cherished images in US culture but does it really tell the whole story Too often there is tension between the sense of American community and the demands of American diversity The uniqueness of the many American ethnicities provides the roots of identity yet recognizing those differences often makes Americans feel isolated from the whole In this discussion Everett Akam relies on the neglected tradition of cultural pluralism to argue that unity and individuality are not mutually exclusive In fact each is a vital source of American identity He demonstrates that Americans need to acknowledge that they share much in common as Americans while never forgetting that what sets them apart forms as great a part of who they are

The Mentor-world Traveler, 1922 Anatomy of Criticism Northrop Frye, 1950 The junior society class prize essays by W.B. Fitz-Gerald, W.H. Chamings, J.S. Cooke William Blackburn Fitzgerald, 1892 *Catalogue* Grinnell College, 1887 **Nation and Identity** Ross Poole, 1999 This concise and comprehensive account of the place of national identity in modern life affords a new analysis of the concept of identity arguing that we are now in a position to envisage the end of nationalism Isaiah Berlin and the Politics of Freedom Bruce Baum, Robert Nichols, 2013-03-05 Since his death in 1997 Isaiah Berlin's writings have generated continual interest among scholars and educated readers especially in regard to

his ideas about liberalism value pluralism and positive and negative liberty Most books on Berlin have examined his general political theory but this volume uses a contemporary perspective to focus specifically on his ideas about freedom and liberty Isaiah Berlin and the Politics of Freedom brings together an integrated collection of essays by noted and emerging political theorists that commemorate in a critical spirit the recent 50th anniversary of Isaiah Berlin s famous lecture and essay Two Concepts of Liberty The contributors use Berlin s essay as an occasion to rethink the larger politics of freedom from a twenty first century standpoint bringing Berlin s ideas into conversation with current political problems and perspectives rooted in postcolonial theory feminist theory democratic theory and critical social theory The editors begin by surveying the influence of Berlin s essay and the range of debates about freedom that it has inspired Contributors chapters then offer various analyses such as competing ways to contextualize Berlin s essay how to reconsider Berlin s ideas in light of struggles over national self determination European colonialism and racism and how to view Berlin s controversial distinction between so called negative liberty and positive liberty By relating Berlin s thinking about freedom to competing contemporary views of the politics of freedom this book will be significant for both scholars of Berlin as well as people who are interested in larger debates about the meaning and conditions of freedom

Life and Learning of Korean Artists and Craftsmen Dae Joong Kang, 2015-04-17 This book brings out the need for lifelong learning theory and explores how it is possible from a postmodern perspective The book uses life history that has gained its popularity in social science research to overcome the dichotomy between individual and society or between agency and structure Life history also reflects the postmodern or late modern conditions of social life In this book the author uses a collection of published oral history narratives of famous Korean artists and craftsmen The author maps out life and learning of five such artists and craftsmen with figurations of escaping creating controlling and formalizing These figurations are images of Rhizoactivity that the author proposes as a new conceptual tool to navigate lifelong learning from a postmodern perspective This book signalises a new way of theory building in the field of adult and lifelong education The Life and Learning of Korean Artists and Craftsmen Rhizoactivity conceptualises Adult learning in terms of postmodern and lifelong learning conditions Life histories as a method of researching lifelong learning The four facets of artistic journeys escaping creating controlling and formalizing This book will interest researchers focusing on lifelong and adult education Its use of social theories in its study of lifelong learning amongst Korean artists will also interest sociologists and educators concerned with the sociology of education
