Gods Big Design Life As He Intends It To Be:

God's Big Design Vaughan Roberts,2013-01-18 In a world with so much destruction and pain we can often find ourselves asking Was there ever a perfect plan for the world Was it designed by anyone at all Was it an accident And if it was all planned for a reason and purpose what are those purposes Vaughan Roberts encourages readers to look at the first chapters of the Bible to understand the plan that God had in mind for humanity right from the start He examines how God intended us to live in his creation and gives clear indications of how we can do so in the world today even through the pain and destruction around us He covers the issues that affect us all our identity the earth sex marriage and work This is an indispensable guide to understanding how the Creator wants the world to work and will challenge readers to change their behaviour and attitudes to reflect what God intends for life

God's Big Design Vaughan Roberts,2005 What was God thinking We live in a complex and intricate world in a vast and awe inspiring cosmos It s difficult to look around and not think No one could think all of this up or Nothing makes sense in this world or even more troubling This universe is so big that something as small as I am must be insignificant Vaughan Roberts believes that these conclusions are tragically inaccurate We lose sight of our Creator and his great purpose behind our creation when we indulge such feelings of meaninglessness In God s Big Design he explores the first chapters of the Bible to consider five big questions What is our Creator like Why did God make human beings What s so special about the earth What does God think about sex and marriage Is work a punishment or a gift from God Reading God s Big Design will remind you that despite the immensity of God s creation he has plans for each of us and we can each find our place and meaning in him

John Paterson Smyth,1901 **Intended for Good** Melvin Tinker,2014-09-10 The Puritans used to say that providence is the last refuge of the saints Melvin Tinker s personal experience and work as a pastor have led him to believe that the doctrine of God s providence should be amongst the first refuges for the Christian seeking strength and comfort From the early church right through into the nineteenth century belief in providence was part of the staple diet of professing Christians For various reasons the doctrine was eclipsed in the nineteenth century and yet it still lies on the edges of much Christian thought and practice today However rightly understood the providence of God shines as a glorious jewel in the crown of the Christian faith Melvin Tinker s exposition of the wonderful facets of that jewel is both pastoral and practical
