Gods Care Is Everywhere:

God With Us - CTL - 2009 , **CTL Director's Supplement 2009** , *In God's Care* Karen Casey, Homer Pyle, 2009-11-10 True lasting recovery requires us to create and maintain inner peace For many it springs from a practice of mindfulness for others from the rituals of religion But not everyone finds a connection with a Higher Power in those ways Through daily reflection and meditation In God s Care gifts a healing inspiration to our spirit Steadily we find spiritual growth Recovery is an act of faith An addict is promised healing and self development through the rigors of counseling treatment therapy and a Twelve Step program With motivational guidance addictive behaviors are abandoned coping skills are learned and sobriety is lasting The cycle of addiction is broken by trusting in the process This is the power of faith a new way of life Co author Karen Casey who wrote the bestselling recovery classic *Each Day a New Beginning* harnesses this power to transform life s struggles into a devotional outlook These heartfelt meditations encourage the optimism needed for continuous change It doesn t matter what we call the goodness we wish to be and see God or otherwise It only matters that we hold it in our hearts and affairs as we create a new life That is the truest definition of a Higher Power *Did God Care?* Dylan M. Burns, 2020-07-27 Is God involved Why do bad things happen to good people What is up to us These questions were explored in Mediterranean antiquity with reference to providence pronoia In *Did God Care* Dylan Burns offers the first comprehensive survey of providence in ancient philosophy that brings together the most important Greek Latin Coptic and Syriac sources from Plato to Plotinus and the Gnostics Burns demonstrates how the philosophical problems encompassed by providence transformed in the first centuries CE yielding influential notions about divine care evil creation omniscience fate and free will that remain with us today These transformations were not independent developments of Pagan philosophy and Christian theology but include fruits of mutually influential engagement between Hellenic and Christian philosophers
