Goethe Four Studies:

Goethe, 1949 **Goethe** Albert Schweitzer, 1949 **Goethe's Way of Science** David Seamon, Arthur Zajonc, Professor of Physics Arthur Zajonc, 1998-01-01 Examines Goethe's neglected but sizable body of scientific work considers the philosophical foundations of his approach and applies his method to the real world of nature »*A Stranger and an Enigma*«
James Carleton Paget, 2025-07-03 **Goethe's Social Philosophy** Alfred G. Steer Jr., 2020-05-01 In this study originally published in 1955 Steer explores the importance of Goethe's family concept in two autobiographical works *Campagne in Frankreich* and *Belagerung von Mainz* Through a close textual analysis Steer argues that at the center of both pieces is Goethe's conception of the family as Urform of society *Remembrance of Things Past?* Michael J. Thate, 2013 In this book Michael J Thate offers an experiment in reception criticism in its consideration of the formation and reception of the historical Jesus discourse He also attempts to historicize *Leben Jesu* Forschung within debates and narratives of secularization These two foci guide the book through its two parts First Thate explicates Schweitzer's dominant archival function in *Leben Jesu* Forschung while aiming to make fragile the grand architect's receptive hegemony Then he combines critical memory theory and other theoretical readings of the material in an attempt to refocus the study of the historical Jesus as early Christian memory politics in the service of identity explication He attempts to problematize Schweitzer's legacy of a tidy systematic approach in which much of historical Jesus scholarship continues to operate Albert Schweitzer Nils Ole Oermann, 2016-11-10 This biography provides a versatile insight into the life work and thought of Albert Schweitzer 1875-1965 Nils Ole Oermann offers a detailed account of the multifaceted life of Albert Schweitzer who was a theologian organist philosopher physician and medical missionary Schweitzer's life was not a straight path from the parsonage in Alsace to the University of Strasbourg then on to the hospital in Lambarene and ending with the Nobel Peace Prize in Oslo In every life there are highs and lows victories and defeats and Schweitzer's life was no exception These ups and downs however are barely discernible in Schweitzer's 1931 autobiography *Out of my Life and Thought* where he presents his life as an enormous purposefully constructed edifice the cornerstone of which was the principle of Reverence for Life and the almost inevitable outcome of which was the Nobel Peace Prize To date biographers journalists and hagiographers have told and retold the story of Schweitzer following this basic pattern with relatively little critical modification Their Schweitzer was a man whose demeanour and charisma set him apart from other intellectual giants of his time But not everything Schweitzer records in his autobiography corresponds with what is found in the archives and in his unpublished writings It is on the basis of these historical sources and more recent publications that Oermann attempts to sketch a more realistic picture of Albert Schweitzer Oermann draws on newly uncovered personal papers which shed light on Schweitzer's dealings with the East German authorities and his role in the anti nuclear movement He also builds on a number of interviews from those associated with Schweitzer most notably his daughter **In Search of a Universal Ethics** Weishi Yuan, 2023-09-01 This book

investigates Albert Schweitzer's research on China which first emerged in the 1910s and ended in 1939-40. Schweitzer's China research evolved alongside the development of his Kulturphilosophie research for over a quarter of a century. In Part I In Preparation this book will mainly focus on the historical background against which Schweitzer formulated his Reverence for Life and established his networks with the China experts. In Part II In Progress Schweitzer's periodic research outcomes which were presented in several of his publications and manuscripts will be studied. Subsequently in Part III In Completion Richard Wilhelm's translation of the Yi Jing which lay down the fundamental principles for Chinese thought, Schweitzer's final manuscript from 1939-40 under the title *Geschichte des indischen und chinesischen Denkens* and his final depiction of Chinese thought will be given special attention. The starting point for Schweitzer's China research was his ideal ethical philosophy of Reverence for Life which he formulated in the context of the decline of the Western civilization and was heavily shaped by his religious and philosophical convictions. Reverence for Life underscored humanistic concerns and its ideals eventually became Schweitzer's interpretative principles in his investigation of Chinese thought. Schweitzer was never a specialist in Chinese thought and Chinese civilization. Dependent on the research of European sinologists, his China research served to justify the necessity for Reverence for Life as well as of the methods for applying this new ethical philosophy. During his entire China research, Schweitzer made great efforts to critically interpret and transform the knowledge that had been conveyed by European sinologists such as Richard Wilhelm. Although in his final research Schweitzer had already seen great resemblance between classical Confucianism in China and his Reverence for Life, he did not ultimately manage to verify his assumptions. His final manuscript on Chinese thought from 1939-40 remained unpublished when he passed away in 1965.

The German Quarterly Elijah William Bagster-Collins, 1950 Includes section Reviews **Catalogue** Amherst College, 1885 **The Idolatry of Poetic Genius in German Goethe Criticism** Hans-Wilhelm Kelling, 1970 The conclusion of this study is reached that one of Germany's great creative artists has been widely idolized that his work and ideas have been falsely interpreted and that the real Goethe has frequently been turned into an idyllic myth. Many interpreters have no understanding of the loneliness and despair, the anxiety, the self-doubts, the struggles, pains, failures, and the denials out of which a great work of literature is consciously created and carefully formed. They merely observe in Goethe's works their own preconceived ideas and often superficial concepts rejoicing in finding a spiritual ancestor whom they can claim as an authority and on whom they can rely to give to their own cause respectability. **The Publishers Weekly**, 1896
