Spiritual science can help us penetrate to a realm where new possibilities open up to address these questions. These lectures offer fascinating insights into the spiritual nature of everyday matters such as forgetting, laughing and weeping, different types of illnesses and rhythms in the bodies of the human being. Steiner shows how we can become, through our own efforts, co-creators in evolution. **The Flaming Sword**, 1913 *Evolutionary Creation* Denis O Lamoureux, 2009-02-26 In this provocative book, evolutionist and evangelical Christian Denis O Lamoureux proposes an approach to origins that moves beyond the evolution versus creation debate.
