Global Studies:

What Is Global Studies? Manfred Steger, Amentahru Wahrab, 2016-11-10 What is Global Studies and how does it relate to globalization Responding to this frequently asked question Manfred B Steger and Amentahru Wahrab provide the first comprehensive overview of this emerging field Authoritative and accessible this primer speaks to students and instructors interested not only in key theories but also in applied teaching and learning programs designed to educate global citizens to meet the concrete challenges of the twenty first century Linking the influential arguments of major thinkers in Global Studies to their own framework the authors discuss the Four Pillars of Global Studies globalization transdisciplinarity space and time and critical thinking The book with instructive appendix materials will appeal to readers seeking a deeper understanding of Global Studies one of the most popular fields of study in major universities around the world The Oxford Handbook of Global Studies Mark Juergensmeyer, Manfred B. Steger, Saskia Sassen, 2018-11-07 The Oxford Handbook of Global Studies provides an overview of the emerging field of global studies Since the end of the Cold War globalization has been reshaping the modern world and an array of new scholarship has risen to make sense of it in its various transnational manifestations including economic social cultural ideological technological environmental and in new communications The editors Mark Juergensmeyer Saskia Sassen and Manfred Steger are recognized authorities in this emerging field and have gathered an esteemed cast of contributors to discuss various aspects in the field through a broad range of approaches Several essays focus on the emergence of the field and its historical antecedents Other essays explore analytic and conceptual approaches to teaching and research in global studies and the largest section will deal with the subject matter of global studies challenges from diasporas and pandemics to the global city and the emergence of a transnational capitalist class The final two sections feature essays that take a critical view of globalization from diverse perspectives and essays on global citizenship the ideas and institutions that guide an emerging global civil society This Handbook focuses on global studies more than on the phenomenon of globalization itself though the various aspects of globalization are central to understanding how the field is currently being shaped Encyclopedia of Global Studies Helmut K. Anheier, Mark Juergensmeyer, 2012-03-09 With all entries followed by cross references and further reading lists this current resource is ideal for high school and college students looking for connecting ideas and additional sources on them The work brings together the many facets of global studies into a solid reference tool and will help those developing and articulating an ideological perspective Library Journal The Encyclopedia of Global Studies is the reference work for the emerging field of global studies It covers both transnational topics and intellectual approaches to the study of global themes including the globalization of economies and technologies the diaspora of cultures and dispersion of peoples the transnational aspects of social and political change the global impact of environmental technological and health changes and the organizations and issues related to global civil society Key Themes Global civil society Global communications transportation technology Global conflict and security Global culture media Global

demographic change Global economic issues Global environmental and energy issues Global governance and world order Global health and nutrition Global historical antecedents Global justice and legal issues Global religions beliefs ideologies Global studies Identities in global society Readership Students and academics in the fields of politics and international relations international business geography and environmental studies sociology and cultural studies and health

Introduction to Global Studies John McCormick, 2025-03-06 Building on the strengths of the previous edition this well established textbook gives students a broad and inclusive overview of the important issues and events of our rapidly changing world Delving into key debates and topics in global studies ranging from migration and trade to the global climate emergency and health and disease this new edition covers the latest developments in global issues supporting students with an intriguing review of the world as it is today With popular learning features such as comparisons of the Global and Local and the Global North and South as well as Contemporary Debates boxes this text equips students with relevant examples and wide ranging perspectives for addressing central themes in global studies Ideal for students on introductory global studies and globalization courses this third edition offers A brand new chapter on food and agriculture Chapters have been expanded to allow for more case studies and increased coverage of the themes of globalization inequality and development Figures and tables updated with the most recent data and new details on the UN s Sustainable Development Goals A comprehensive companion website offering an array of resources for both students and lecturers including a testbank illustrated lecturer slides interactive quizzes and an online media library

What is Global Studies? Manfred B. Steger, Amentahru Wahlrab, 2016-11-10 What is Global Studies and how does it relate to globalization Responding to this frequently asked question Manfred B Steger and Amentahru Wahlrab provide the first comprehensive overview of this emerging field Authoritative and accessible this primer speaks to students and instructors interested not only in key theories but also in applied teaching and learning programs designed to educate global citizens to meet the concrete challenges of the twenty first century Linking the influential arguments of major thinkers in Global Studies to their own framework the authors discuss the Four Pillars of Global Studies globalization transdisciplinarity space and time and critical thinking The book with instructive appendix materials will appeal to readers seeking a deeper understanding of Global Studies one of the most popular fields of study in major universities around the world

An Introduction to Global Studies Patricia J. Campbell, Aran MacKinnon, Christy R. Stevens, 2010-03-08 Taking an interdisciplinary approach An Introduction to Global Studies presents readers with a solid introduction to the complex interconnected forces and issues confronting today s globalized world Introduces readers to major theories key terms concepts and notable theorists Equips readers with the basic knowledge and conceptual tools necessary for thinking critically about the complex issues facing the global community Includes a variety of supplemental features to facilitate learning and enhance readers understanding of the material

Global Studies Directory, 2017-10-02 Publication of the Global Studies Directory represents an unprecedented project in

world practice Based on the professional assessment by a large international team of experts the Directory offers information on the most well known scholars political and public figures who have made outstanding contributions to the establishment and development of global studies or made a fundamental impact on the formation of global world The Directory also contains comprehensive information about organizations periodicals and special literature of direct relevance to the theory and practice of globalization and fully demonstrates the state of affairs in the field of study on a global level This project is a continuation of many years of research which first resulted in the publication of the Global Studies Encyclopedic Dictionary the companion publication to the Directory

Thinking Globally Mark Juergensmeyer,2014 In this accessible text Mark Juergensmeyer a pioneer in global studies provides a comprehensive overview of the emerging field of global studies from regional topical and theoretical perspectives Each of the twenty compact chapters in *Thinking Globally* features Juergensmeyer s own lucid introduction to the key topics and offers brief excerpts from major writers in those areas The chapters explore the history of globalization in each region of the world from Africa and the Middle East to Asia Europe and the Americas and cover key issues in today s global era such as Challenges of the global economy Fading of the nation state Emerging nationalisms and transnational ideologies Hidden economies of sex trafficking and the illegal drug trade New communications media Environmental crises Human rights abuses *Thinking Globally* is the perfect introduction to global studies for students and an exceptional resource for anyone interested in learning more about this new area of study

Introduction to International and Global Studies, Third Edition Shawn C. Smallman, Kimberley Brown,2020 This innovative introduction to international and global studies updated and revised in a new edition offers instructors in the social sciences and humanities a core textbook for teaching undergraduates in this rapidly growing field Encompassing the latest scholarship in what is a markedly interdisciplinary endeavor Shawn Smallman and Kimberley Brown introduce key concepts themes and issues and then examine each in lively chapters on essential topics that include the history of globalization economic political and cultural globalization security energy and development health agriculture and food and the environment Within these topics the authors explore such timely and pressing subjects as commodity chains labor including present day slavery human rights multinational corporations and the connections among them

The Global Turn Eve Darian-Smith, Philip C. McCarty,2017-05-23 Deploying interdisciplinary theoretical perspectives that speak to interconnected global dimensions is critical if one s work is to remain relevant and applicable to the emerging global scale issues of our time *The Global Turn* is a guide for students and scholars across all areas of the social sciences and humanities who wish to embark upon global studies research projects The authors demonstrate how the global can be studied from a local perspective and vice versa Global processes manifest at multiple transnational regional national and local levels interconnected dimensions that are mutually constitutive This book walks the reader through the steps of thinking like a global scholar in theoretical methodological and practical terms explaining the implications of global perspectives for

research design *Political and Economic Foundations in Global Studies* Michael Anderson, Stephanie Holmsten, 2020-01-29
Political and Economic Foundations in Global Studies provides an innovative introductory examination of the global forces shaping the world today seen through political and economic lenses Along with its companion Social and Cultural Foundations in Global Studies the book exposes students to the historical contours of and the key concepts and processes that underlie the interconnections among individuals societies organizations and governments As in the rest of Routledge's Global Studies series the Foundations books employ a two part strategy conceptual underpinnings explored in the first part are enlivened by case studies in the second Special features magnify the utility of the text Text boxes are employed to expand and emphasize specific material they are used to open up the coverage to related topics or to call attention to especially critical material such as historical milestones or key vocabulary Resource boxes offer links that point readers to sources mostly online on the topics discussed and establish a rich archive of additional material for readers to draw on At the same time back of chapter References and Further Research lists help students to trace the material used by authors or to follow more general leads relating to the topics covered in the chapters Images highlight specific details of the case studies helping to bring the subjects alive Global Studies Encyclopedic Dictionary Alexander N. Chumakov, Ivan I Mazour, William C. Gay, 2014-07-01 This book provides brief expositions of the central concepts in the field of Global Studies Former President of the Soviet Union Mikhail Gorbachev says The book is intelligent rich in content and I believe necessary in our complex turbulent and fragile world 300 authors from 50 countries contributed 450 entries The contributors include scholars researchers and professionals in social natural and technological sciences They cover globalization problems within ecology business economics politics culture and law This interdisciplinary collection provides a basis for understanding the concepts and methods within global studies and for accessing lengthier and more technical research in the field The articles treat such important topics as the biosphere ozone depletion land resources and pollution world health challenges education global modeling sustainable development war weapons of mass destruction and terrorism The book also promotes academic cooperation political dialogue and mutual understanding across diverse traditions and national identities that are needed to engage successfully the many daunting challenges of globalization Connectivity and Global Studies Jan Nederveen Pieterse, 2021-02-19 This textbook provides readers with evocative and analytical accounts of social processes that are linked to globalization and connectivity which includes a wide range of multi centred connections in history DNA analysis technology art populism and political economy Rather than globalization Nederveen Pieterse focuses on connectivity His approach to globalization differs from both structuralist accounts of the world system and the institutionally centred focus of much work in international studies This synthesis will provide a new resource to reconstruct theoretical approaches to globalization and global studies Fluently written clearly organized and with an interdisciplinary approach the book will be accessible to upper division undergraduates and graduates in social sciences including students and researchers from the

fields of sociology politics political economy development studies and international relations

Introduction to Global History, Culture, and Ideology Philip McCarty, 2018-03-13 Integrated Perspectives in Global Studies provides readers with an analytical framework that moves beyond academic debates about the definition of globalization The material is organized around substantive themes that are both accessible to students and relevant to what is going on in the world today This student friendly introduction begins by highlighting the deep historical interconnections between political economic and social forces that shape our world today The readings then focus on pressing real world issues such as global inequality neo imperialism racism environmental degradation and global women s movements The final section of the book explores critical perspectives on sustainable development human rights and global governance Throughout the text abstract ideas are grounded in concrete highly relatable examples Main points and key concepts are clearly listed to enhance review and comprehension Now featuring essay questions at the end of each section Integrated Perspective in Global Studies can be used in courses on political science international relations and globalization The book continually and explicitly connects the dots making it possible for students to easily understand and connect complex issues

Theorizing Global Studies Darren J O'Byrne, Alexander Hensby, 2020-02-29 Clear concise and easy to read this book explores key debates around global studies today It examines the processes and dynamics of globalization that impact on our modern world through clear explanations of complex theories The book Presents 8 key models of global change Brings together the ways in which sociology politics and economics think about global studies Covers a diverse range of major theorists in the field from Giddens to Huntington from Wallerstein to Fukuyama Brings to life contemporary issues including the global financial crisis and the war on terror Theorizing Global Studies is essential reading for all students of Sociology Politics International Relations and Global Studies

The Routledge Handbook of Transformative Global Studies S. A. Hamed Hosseini, James Goodman, Sara C. Motta, Barry K. Gills, 2020-06-09 The Routledge Handbook of Transformative Global Studies provides diverse and cutting edge perspectives on this fast changing field For 30 years the world has been caught in a long global interregnum plunging from one crisis to the next and witnessing the emergence of new vibrant multiple and sometimes contradictory forms of popular resistance and politics This global interregnum or a period of uncertainty where the old hegemony is fading and the new ones have not yet been fully realized necessitates critical self reflection brave intellectual speculation and unlearning of perceived wisdoms and greater transdisciplinary collaboration across theories localities and subjects This Handbook takes up this challenge by developing fresh perspectives on globalization development neoliberalism capitalism and their progressive alternatives addressing issues of democracy power inequality insecurity precarity wellbeing education displacement social movements violence and war and climate change Throughout it emphasizes the dynamics for system change including bringing post capitalist feminist de colonial and other critical perspectives to support transformative global praxis This volume brings together a mixture of fresh and established scholars from across disciplines and from a range of both Northern

and Southern contexts Researchers and students from around the world and across the fields of politics sociology international development international relations geography economics area studies and philosophy will find this an invaluable and fresh guide to global studies in the 21st century Social and Cultural Foundations in Global Studies Eve Stoddard, John Collins, 2016-10-04 From the Foundations in Global Studies series this text offers students a fresh comprehensive multidisciplinary entry point to the study of the social and cultural aspects of global studies After a brief introduction to global studies the early chapters of the book survey the key concepts and processes of globalization as well as a critical look at the meaning and role globalization Students are guided through the material with relevant maps resource boxes and text boxes that support and guide further independent exploration of the topics at hand The second half of the book features interdisciplinary case studies each of which focuses on a specific issue *China* Robert André LaFleur, 2003-07-02 Complete ready reference covering Chinese history economics politics culture and prevalent social problems a must have addition to any global studies collection Throughout its imperial golden ages China was the world s most developed nation home to advanced technologies a robust economy and thriving cities Its thousands of years of cultural and artistic achievements combined with its vastness and ethnic complexity have made China both fascinating and forbidding for those encountering it for the first time This new volume offers readers a concise single stop introduction to Chinese history culture economics politics and social issues As they trace China s history from the creation stories of ancient Chinese myths to the Communist upheaval of the 20th century readers will learn how the country has changed and not changed from early to modern times and what life throughout China is like today **Globalistics and Globalization Studies: Theories, Research & Teaching** Leonid Grinin, Ilya Ilyin, Andrey Korotayev, 2013-09-30 This is the second issue of the new series titled Globalistics and Globalization Studies Globalistics may be regarded as a sort of systemic and more or less integrated core within Global Studies At present Global Studies function in two main dimensions in the research of global political economic cultural and social processes on the one hand and in the realm of teaching manifesting themselves in the creation of various Global Studies programs and courses for university students who learn to see the world in its entirety and variety The second dimension is immensely important as the contents of such programs and courses may determine how the world will be comprehended by those people who may decide its fate in a decade or two This dualistic nature of Global Studies has determined the general direction of our anthology that comprises both the theoretical dimension of Global Studies and their application to the teaching process The anthology consists of three parts presenting a wide range of views on the meaning of the contemporary epoch the past and the future of some important global processes as well as the problems and successes in the teaching process of Global Studies Part 1 Globalization in Historical Retrospective Part 2 Globalistics Global Studies and Global Processes Part 3 Teaching Global Studies In the present anthology one can find perceptions of globalization by a number of famous scholars from different countries of the world Ervin Laszlo Christopher Chase Dunn and others but one

can also get to know rather peculiar visions of globalization by Russian scientists and educators
