Ethnic Crucible:

The Ethnic Crucible Paul Zec, George Skinner, **Beyond Ethnicity : Consent and Descent in American Culture** Werner Sollors Professor of American Literature and Afro-American Studies Harvard University, 1986-02-27 Nothing is pure in America and indeed the rich ethnic mix that constitutes our society accounts for much of its amazing vitality Werner Sollors's new book takes a wide ranging look at the role of ethnicity in American literature and what that literature has said and continues to say about our diverse culture Ethnic consciousness he contends is a constituent feature of modernism not modernism's antithesis Discussing works from every period of American history Sollors focuses particularly on the tension between descent and consent between the concern for one's racial ethnic and familial heritage and the conflicting desire to choose one's own destiny even if that choice goes against one's heritage Some of the stories Sollors examines are retellings of the biblical Exodus stories in which Americans of the most diverse origins have painted their own histories as an escape from bondage or a search for a new Canaan Other stories are American made tales of melting pot romance which may either triumph in intermarriage accompanied by new world symphonies or end with the lovers death Still other stories concern voyages of self discovery in which the hero attempts to steer a perilous course between stubborn traditionalism and total assimilation And then there are the generational sagas in which as if by magic the third generation emerges as the fulfillment of their forebears dream Citing examples that range from the writings of Cotton Mather to *Liquid Sky* a post punk science fiction film directed by a Russian emigre Sollors shows how the creators of American culture have generally been attracted to what is most new and modern About the Author Werner Sollors is Chairman of the Afro American Studies Department at Harvard University and the author of *Amiri Baraka The Quest for a Populist Modernism* A provocative and original look at ethnicity in American literature DT Covers stories from all periods of our nation's history DT Relates ethnic literature to the principle of literary modernism DT Grave and hilarious tender and merciless The book performs a public service Quentin Anderson *The Ethnic Crucible (RLE Edu J)* Gajendra Verma, Paul Zec, George Skinner, 2012-04-27 Many schools in developed countries have children and adolescents from a variety of ethnic linguistic religious and cultural backgrounds They relate to each other in various degrees of encounter that range from harmony to hostility The issue of how a school can foster inter ethnic relationships and challenge the manifestations of bad relationships cannot of course be divorced from tensions and inequalities in the wider society This book focuses on ways in which schools might make a difference to the quality of such relationships within their walls It has sought to do this by studying nine secondary schools in some depth their organisation structures and interactive processes and the experiences attitudes and behaviour of students and their teachers The research on which the book is based has also yielded data on the influence of policy and procedure in schools on relationships **Ireland's Great Famine in Irish-American History** Mary Kelly, 2013-11-18 Ireland's Great Famine in Irish American History Enshrining a Fateful Memory offers a new concise interpretation of the history of the Irish in America

Author and distinguished professor Mary Kelly's book is the first synthesized volume to track Ireland's Great Famine within America's immigrant history and to consider the impact of the Famine on Irish ethnic identity between the mid 1800s and the end of the twentieth century. Moving beyond traditional emphases on Irish American cornerstones such as church, party, and education, the book maps the Famine's legacy over a century and a half of settlement and assimilation. This is the first attempt to contextualize a painful memory that has endured fitfully and unquestionably throughout Irish American historical experience.

Diaspora and Class Consciousness Shanshan Lan, 2012. This project adopts an interracial framework in studying the convergence and divergence of minority experiences in a highly racialized urban setting, treating the Chinese immigrant experience as a pivot through which to examine the complex process of the multiracial transformation of white majority neighborhoods. But it also goes beyond the hegemonic black-white binary in studying race relations in the United States, exploring the interconnectedness among different minority experiences and aiming to bridge the gap between a U.S.-centered view of race and a transnational perspective generated by recent scholarship on migration and transnationalism.

Our Players' Gallery W. J. Thorold, Arthur Hornblow, Arthur Hornblow (Jr.), Perriton Maxwell, Stewart Beach, 1909

Literary Digest, 1914 **The Theatre**, 1909 **Ethnic Forum**, 1995 **American Crucible** Gary

Gerstle, 2017-02-28. This sweeping history of twentieth-century America follows the changing and often conflicting ideas about the fundamental nature of American society. Is the United States a social melting pot as our civic creed warrants, or is full citizenship somehow reserved for those who are white and of the right ancestry? Gary Gerstle traces the forces of civic and racial nationalism, arguing that both profoundly shaped our society. After Theodore Roosevelt led his Rough Riders to victory during the Spanish American War, he boasted of the diversity of his men's origins from the Kentucky backwoods to the Irish, Italian, and Jewish neighborhoods of northeastern cities. Roosevelt's vision of a hybrid and superior American race, strengthened by war, would inspire the social, diplomatic, and economic policies of American liberals for decades. And yet, for all of its appeal to the civic principles of inclusion, this liberal legacy was grounded in Anglo-Saxon culture, making it difficult, in particular, for Jews and Italians, and especially for Asians and African Americans, to gain acceptance. Gerstle weaves a compelling story of events, institutions, and ideas that played on perceptions of ethnic racial difference from the world wars and the labor movement to the New Deal and Hollywood to the Cold War and the civil rights movement. We witness the remnants of racial thinking among such liberals as FDR and LBJ; we see how Italians and Jews from Frank Capra to the creators of Superman perpetuated the New Deal philosophy while suppressing their own ethnicity; we feel the frustrations of African American servicemen denied the opportunity to fight for their country and the moral outrage of more recent black activists including Martin Luther King Jr., Fannie Lou Hamer, and Malcolm X. Gerstle argues that the civil rights movement and Vietnam broke the liberal nation apart, and his analysis of this upheaval leads him to assess Reagan's and Clinton's attempts to resurrect nationalism. Can the United States ever live up to its civic creed? For anyone who views racism as an aberration,

from the liberal premises of the republic this book is must reading Containing a new chapter that reconstructs and dissects the major struggles over race and nation in an era defined by the War on Terror and by the presidency of Barack Obama American Crucible is a must read for anyone who views racism as an aberration from the liberal premises of the republic
