Kings, Mormaers, Rebels John Marsden,2010 The other royal family of the sub title is first noticed in the seventh century as the Cenel Loairn one of the principal dynastic kindreds of Dalriada the embryonic kingdom of the Scots in Argyll By the end of that century they had displaced the Cenel nGabrain a kindred descended from the traditional founding dynast Fergus Mor from over kingship of Dalriada and clung on to power until the Pictish onslaught of the 730s While the Cenel Gabrain extended eastward into Pictland as the MacAlpin kings of Alba the Cenel Loairn moved up the Great Glen to reappear as hereditary mormaers of Moray effectively kings in the north who achieved their pinnacle of ascendancy when Macbeth seized the high kingship of Scots in 1040 His death and that of his kinsman and successor Lulach at the hands of Malcolm Canmore signalled the resurgence of the Cenel nGabrain and launched the Cenel Loairn into terminal decline Yet the house of Lulach still pursued its claim on kingship through a sequence of rebellions against Canmore kings which continued into the second quarter of the thirteenth century *Kings Mormaers Rebels* traces the story of the Cenel Loairn and its descendent kindreds through more than six hundred years to throw an unfamiliar side light on the emergence of the medieval kingdom of the Scots

The Clergy and the Clearances David Paton,2006

The economic religious and cultural transformation of the northern Highlands in the years 1790 to 1850 can be linked directly to the Clearances wholesale evictions of highland sub tenants and small farmers by English landlords who wished to make way for more profitable sheep farming The low esteem in which English speakers regarded the Gaelic community and its language is evident Yet far from fighting change the clergy stands accused of abetting the landlords by preaching the need for individual repentance and submission thus securing a population passive towards the changes Taking evidence from the far north of Sutherland and Ross the epicentre of the crisis author David Paton uses unusual and revealing evidence including Gaelic poetry and descriptions of the emotional effects of a more complex and subtle picture The form of Presbyterianism that sustained the Gaelic community in the Northern Highlands in the face of attack by an alien culture simultaneously prevented effective protest and hindered the expression of a sense of injustice
