Patriotism Is Not Enough Steven F. Hayward, 2018-12-18 This book is a lively intellectual history of a small circle of thinkers especially but not solely Harry Jaffa and Walter Berns who challenged the mainstream liberal consensus of political science and history about how the American Founding should be understood Along the way they changed the course of the conservative movement and had a significant impact on shaping contemporary political debates from constitutional interpretation civil rights to the corruption of government today Most importantly these thinkers explain the deep reasons for patriotism why we should love America not simply because it is our country but because it is a free and just country
