Graphic Jungle 2 Marco Papazzoni,2005-09-01 Graphic Jungle ,2005-06 **The Jungle** Upton Sinclair,2019-07-02

A compelling graphic novel adaptation of Upton Sinclair's seminal protest novel that brings to life the harsh conditions and exploited existences of immigrants in Chicago's meatpacking industry in the early twentieth century Long acclaimed around the world Upton Sinclair's 1906 muckraking novel *The Jungle* remains a powerful book even today Not many works of literature can boast that their publication brought about actual social and labor change but that's just what *The Jungle* did as it led to the passage of the Pure Food and Drug Act of 1906 In today's society where labor and safety of the food we eat remain key concerns for all Sinclair's shocking story still resonates Bringing new life and energy to this classic work adapter and illustrator Kristina Gehrman takes Sinclair's prose and transforms it through pen and ink allowing you to discover or rediscover this book and see it from a whole new perspective

A New Gnosis David M. Odorisio,2023-01-01 Superhero phenomena exploded into 20th and 21st century popular culture by way of the visual medium of comic books In an increasingly secular yet spiritual culture that has largely renounced the gods and even religion what does the return of the superhero through our own pop cultural mythologies say to us or even about us This collection of essays from leading and up and coming scholars in the fields of comparative mythology and depth psychology considers the return of the superhero as representative of our own unique emergent modern mythology a wildly diverse pantheon that reflects back to us our most far reaching hopes and impossible super human desires In placing the interpretive tools of comparative mythology and depth psychology alongside the comic book phenomenon a super powered palette emerges that unveils the hidden potential of modern readers own heightened imaginations The essays in this anthology examine select comic book and superhero characters from the Silver Age 1960s through contemporary 21st century adaptations and innovations as readers are invited to discover and uncover what the re emergence of these perennial gods and goddesses have to say about our own secret super selves today
