A Young Girl Builds a New Life After Surviving a Triangle of Wars & Genocide Jeanne K. Senga,2024-05-16 Jeanne Kenyana Senga is an amazing living example of what one woman can accomplish even under incredibly difficult physical and emotional circumstances including suffering the loss of many loved ones and witnessing first hand the atrocities committed during multiple wars in Africa During the Rwandan civil war genocide Jeanne herself was on a hit list by name and was hunted down by armed assassins who wanted to kill her simply because of her ethnicity Later she managed to get to the U S and ultimately

succeeded in getting the rest of her immediate family to the U S as well the first of many accomplishments in her new country Since most of their assets were destroyed or stolen during the war Jeanne and her family began life in the U S with very virtually no financial resources However the assets that Jeanne did have proved to be far more important an unwavering faith in God and in herself courage tenacity optimism help from friends she made along the way and a willingness to work tirelessly to reach her goals For example she became a U S citizen studied to become a licensed registered nurse RN and passed the nursing exam in English a language which she learned for the most part after coming to the U S In addition Jeanne watched her children grow up here in safety and complete their education she became the owner of a brand new home and she wrote this book Jeanne worked courageously on the front lines as a nurse during the Covid 19 pandemic and currently works as a traveling nurse Her life story proves that even in the face of great difficulties and emotional scars one can still make a new and beautiful life even when starting over from virtually nothing It is Jeanne s hope and mine that her story will inspire others including those who have endured extreme hardships by showing that with hard work perseverance and faith in God and one s self almost anything is possible

Finding Family Richard Hill,2017-09-29 Finding Family My Search for Roots and the Secrets in My DNA is the highly suspenseful account of an adoptee trying to reclaim the biological family denied him by sealed birth records This fascinating quest including the author s landmark use of DNA testing takes readers on an exhilarating roller coaster ride and concludes with a twist that rivals anything Hollywood has to offer In the vein of a classic mystery Hill gathers the seemingly scant evidence surrounding the circumstances of his birth As his resolve shores up the author also avails of new friends genealogists the Internet and the latest DNA tests in the new field of genetic genealogy As he closes in on the truth of his ancestry he is able to construct a living breathing portrait of the young woman who was faced with the decision to forsake her rights to her child and ultimately the man whose identity had remained hidden for decades Finding Family offers guidance insight and motivation for anyone engaged in a similar mission from ways to obtain information to the many networks that can facilitate adoption searches The book includes a detailed guide to DNA and genetic genealogy and how they can produce irrefutable results in determining genetic connections and help adoptees bypass sealed records and similar stumbling blocks
