paradigm of what we can expect in the twenty first century's response on the part of marginal nations to the globalization of the industrialized democracies Gregor cites post Maoist China nationalist Russia Africa and the Balkans at the development stage from which fascism could grow The f Provided by publisher *Mussolini's Fascist Philosopher* M. E. Moss,2004

Giovanni Gentile was one of the most important and controversial thinkers of twentieth century Italy His philosophy and fascist ideas reflect the defining characteristics of the Italian romantic rebellion against European and English enlightenment thinking The Ariadne's thread which runs through and unifies all of Gentile's thought originates accordingly from his neo Hegelian reaction to the philosophy of Kant and of Kant's immediate predecessors The range of Gentile's ideas on pedagogy logic metaphysics political theory and aesthetics the original way in which he developed and adapted the thoughts of Hegel Fichte and Marx and finally his description of himself as the philosopher of fascism all encourage us to revisit and re evaluate his system This book reveals how Gentile came to advocate his actual idealism and evaluates his systematic philosophy by making explicit inconsistencies that arise from within his system and by questioning his idealist assumptions **Giovanni Gentile, "the Philosopher of Fascism"** Rosella Faraone,2017 This book covers the fascist period in Italy and Giovanni Gentile as a man and his works **The Theory of Mind as Pure Act** Giovanni Gentile,2017-08-21 An English translation of monograph *The Theory of Mind as Pure Act* and the short essay *The Philosophic Basis of Fascism* **The Search for Neofascism** A. James Gregor,2006-03-27 Publisher description [Censorship in Fascist Italy, 1922-43](#) G. Talbot,2007-06-28 This is the first comprehensive account of the diversity and complexity of censorship practices in Italy under the Fascist dictatorship Through archival material it shows how practices of censorship were used to effect regime change to measure and to shape public opinion behaviour and attitudes in the twenty years of Mussolini's dictatorship *Thought Thinking* Bruce Haddock,James Wakefield,2015-07-14 The Italian author Giovanni Gentile 1875-1944 occupied a radical position among philosophers of the first half of the twentieth century He tried in earnest to revolutionize idealist theory developing a doctrine that retained the idealist conception of the thinking subject as the centre and source of any intelligible reality while eschewing many of the unwarranted abstractions that had pervaded earlier varieties of idealism and led their adherents astray Given his great prominence during his lifetime it is perhaps remarkable that Gentile is so little discussed and even then so poorly understood in the English speaking world Few of his works have ever been translated into English and these represent only a fraction of his great corpus and the many topics discussed therein This neglect is partly explained by his close association with the Partito Nazionale Fascista National Fascist Party of which he remained a loyal member and supporter between 1923 and his assassination in 1944 The volume comprises eleven essays Seven of these are new pieces written especially for *Thought Thinking* and are intended both to contribute to ongoing debates about Gentile's philosophy and to indicate just a few of its many aspects that continue to draw the attention of philosophers political theorists and intellectual historians These are supplemented by new English translations of four of Gentile's shorter works selected to offer

some direct insight into his ideas and style of writing The Theory of Mind as Pure Act Giovanni Gentile,1922

Hitler's campaign of death how fascist philosophers influenced the great 20th century lions of the American Left and how today's anti free speech anti capitalist anti religious liberty pro violence Democratic Party is a frightening simulacrum of the Nazi Party Hitler coined the term the big lie to describe a lie that the great masses of the people will fall for precisely because of how bold and monstrous the lie is In *The Big Lie* D Souza shows that the Democratic Left's orchestrated campaign to paint President Trump and conservatives as Nazis to cover up its own fascism is in fact the biggest lie of all
