Elliott Carter

Elliott Carter Harmony:

Harmony Book Elliott Carter, 2002 This comprehensive resource features more than 400 projections and colour illustrations augmented by MRI images for added detail to enhance the anatomy and positioning presentations *Elliott Carter's Late Music* John Link, 2022-01-27 Elliott Carter was born four months after Orville Wright demonstrated the Wright Brothers Flyer to the U S Army and he died two months after the Voyager 1 spacecraft left the heliosphere at the threshold of interstellar space Carter s remarkable longevity and the unusual trajectory of his life and work through more than a century of disruptive change has affected the reception history of his music in ways that we are only beginning to acknowledge Over the course of a nearly eighty year long career Carter leveraged his advantages and turned obstacles into opportunities with admirable persistence He chose projects that not only interested him but also fit into the plans for artistic and professional development that he cultivated assiduously over decades And he paid close attention to how his artistic objectives could be presented most effectively to the performers listeners and patrons on whom his career depended Together with his wife Helen Frost Jones Carter he skillfully steered a course through the turbulent waters of the twentieth and early twenty first centuries with steadily increasing success The story of Carter s artistic life as he told it and as it was promoted by several generations of advocates is one of independence uncompromising vision and technical progress It was astutely tailored to the beliefs and values of its intended audience and as autobiography it reports selectively and glosses over or omits events and attitudes deemed unhelpful in building Carter s reputation and authority and promoting his music *An Analysis of Elliott Carter's Harmony of Morning in Relationship to His Musical Aesthetic* Joy L. Sherman, 1991 **Elliott Carter Studies** Marguerite Boland, John Link, 2012-07-26 An international team of scholars presents historic philosophic philological and theoretical perspectives on Carter s extensive musical repertoire *Compositional Process in Elliott Carter's String Quartets* Laura Emmery, 2019-11-21 *Compositional Process in Elliott Carter s String Quartets* is an interdisciplinary study examining the evolution and compositional process in Elliott Carter s five string quartets Offering a systematic and logical way of unpacking concepts and processes in these quartets that would otherwise remain opaque the book s narrative reveals new aspects of understanding these works and draws novel conclusions on their collective meaning and Carter s place as the leading American modernist Each of Carter s five string quartets is driven by a new idea that Carter was exploring during a particular period which allows for each quartet to be examined under a unique lens and a deeper understanding of his oeuvre at large Drawing on key ideas from a variety of subjects including performance studies philosophy music cognition musical meaning and semantics literary criticism and critical theory this is an informative volume for scholars and researchers in the areas of music theory and musicology Analyses are supplemented with sketch study correspondence text manuscripts and other archival sources from the Paul Sacher Stiftung the Library of Congress and the New York Public Library *Elliott Carter's What Next?* Guy Capuzzo, 2012 The first book about Elliott Carter s only opera or indeed about any single work by

this still productive modern master In 1997 the eminent American composer Elliott Carter teamed with British music critic librettist Paul Griffiths to create the one act opera *What Next* Hailed by the New York Times as theatrically dynamic and poignant the opera explores how six people work together to emerge from the wreckage of an accident Today *What Next* enjoys a prominent position in Carter's celebrated late late compositional period In the first book to focus exclusively on one Carter composition Guy Capuzzo uses the metaphors of communication cooperation and separation to trace the dramatic arc of *What Next* Through an approach that places stage action words and music on equal footing Capuzzo's readings of four excerpts from the opera reveal the inner workings of Carter and Griffiths's tragicomedy *Elliott Carter's What Next: Communication, Cooperation, and Separation* sheds light on a significant work by a major figure in twentieth century concert music and will be of interest to all who study American music vocal music and musical criticism Guy Capuzzo is associate professor of music theory at the University of North Carolina Greensboro *A Handbook to Twentieth-Century Musical Sketches* Patricia Hall, Friedemann Sallis, 2004-12-02 This indispensable handbook first published in 2004 explains how scholars and students should work with and think about the composer's working manuscripts This book surveys the knowledge necessary to work efficiently in archives and libraries housing this material and with the skills and techniques specifically related to sketch studies transcription reconstructing sketchbooks deciphering handwriting dating documents It deals with the music of important twentieth century composers and presents visual examples of manuscripts from the collections of world renowned institutions such as the Paul Sacher Foundation The book aims to make the work of both researchers and students more efficient and rewarding *Elliott Carter* John F. Link, 2003-09-02 This is a comprehensive guide to research on the American composer Elliott Carter b 1908 widely acknowledged as one of the greatest composers of the twentieth century It contains a chronology complete list of works detailed discography and fully annotated bibliography of over 1 000 books articles interviews video recordings and Carter's own writings This essential reference book covers the most significant works in English French German and Italian from the 1940s when Carter's music first began to attract attention to the 1990s *Performing Knowledge* Daphne Leong, 2019-11-19 *Performing Knowledge* explores the relationship between musical performance and analysis through a unique collaboration between a music theorist and a cast of internationally renowned performers investigating major musical works of the twentieth century Ravel Schoenberg Bartók Schnittke Milhaud Messiaen Babbitt Carter and Morris The book is a brave crossing of disciplinary divides between scholarship and practice a theory text enlivened by the voices of performers who create interpret and articulate structure *Cursed Questions* Richard Taruskin, 2020-04-21 Richard Taruskin's sweeping collection of essays distills a half century of professional experience demonstrating an unparalleled insider awareness of relevant debates in all areas of music studies including historiography and criticism representation and aesthetics musical and professional politics and the sociology of taste *Cursed Questions* invoking a famous catchphrase from Russian intellectual history grapples with questions that are

never finally answered but never go away The writings gathered here form an intellectual biography that showcases the characteristic wit provocation and erudition that readers have come to expect from Taruskin making it an essential volume for anyone interested in music politics and the arts

Intimate Voices: Shostakovich to the avant-garde. Dmitri Shostakovich : the string quartets Evan Allan Jones,2009 This volume discusses composers such as Shostakovich Britten Cage and Babbitt in the context of the string quartet It offers the observations and intuitions of 20 leading authorities on quartets

Compositional Techniques Employed in the First Movement of Elliott Carter's Piano Concerto Irene Rosenberg Grau,1973

Elliott Carter Elliott Carter,1997 Carter writes about his own music in articles that are classic texts for all students of his compositional oeuvre about new music in Europe and the United States and about the relations between music and the other arts Other pieces range from a consideration of aspects of music in general such as time and rhythm as a philosophical problem to the work of individual composers such as Debussy Ives Varese and Stravinsky among numerous others As a whole the collection is the expression of Carter s musical philosophy and a valuable record for historians of modern music
