## **Environmental Heroies:**

Heroes of the Environment Harriet Rohmer, 2009-08-12 This inspiring book presents the true stories of 12 people from across North America who have done great things for the environment Heroes include a teenage girl who figured out how to remove an industrial pollutant from the Ohio River a Mexican superstar wrestler who works to protect turtles and whales and a teenage boy from Rhode Island who helped his community and his state develop effective e waste recycling programs Plenty of photographs and illustrations bring each compelling story vividly to life Heroes of Environmental Diplomacy

Felix Dodds, Chris Spence, 2022-06-27 Today more than ever when the world is beset by environmental social healthcare and economic challenges we need courage in our politics both nationally and globally This book tells the stories some for the first time of twelve individuals who made heroic contributions to protecting our planet through ground breaking international treaties Can individuals change the world Today when impersonal forces and new technologies seem to be directing our lives and even our entire planet in ways we cannot control this question feels more relevant than ever before This book argues that we can all make a difference It tells inspiring stories of individuals who have had a global impact that is beyond dispute as well as others who have brought about change that is understated or hard to measure where the scale of the impact will only become clear in years to come While some are scientists others are politicians diplomats activists and even businesspeople However they all share the qualities of perseverance patience a willingness to innovate or try new approaches and the endurance to continue over years even decades to pursue their goal Drawing on interviews and the inside stories of those involved each chapter follows one or more of these heroic individuals a list which includes Luc Hoffmann Mostafa Tolba Maria Luiza Ribeiro Viotti Raul Oyuela Estrada Barack Obama and Paula Caballero Presenting an uplifting and gripping narrative this book is an invaluable resource for students scholars activists and professionals who are seeking to understand how consensus is reached in these global meetings and how individuals can have a genuine impact on preserving our planet and reinforcing the positive message that global cooperation can actually work **Encyclopedia of**
