Rhetorical Argumentation Christopher W. Tindale,2004-05-27 The study of argumentation has primarily focused on logical and dialectical approaches with minimal attention given to the rhetorical facets of argument Rhetorical Argumentation Principles of Theory and Practice approaches argumentation from a rhetorical point of view and demonstrates how logical and dialectical considerations depend on the rhetorical features of the argumentative situation Throughout this text author Christopher W Tindale identifies how argumentation as a communicative practice can best be understood by its rhetorical features Rhetorical Argumentation uniquely presents argumentation through the idea of an invitational rhetoric by encouraging readers to think about the ways in which they encounter arguments The book explores the processes involved in the argumentative exchanges between arguers and audiences thus emphasizing the collaborative nature of the arguer audience relationship in the argumentative situation That is argument is presented not as a set of ideas imposed upon a passive audience but rather as a dynamic exchange wherein the audience is involved in self persuasion Key Features Explores the ancient foundations of rhetoric from Aristotle to the relatively contemporary works of Perelman and Olbrechts Tytecta Toulmin and Bakhtin Includes numerous examples illustrating the ways in which the reasoning within arguments involves the audience from premise through to conclusion Presents the idea of dialogism drawn from the theories of Mikhail Bakhtin to create a more dynamic and interactive sense of the argumentative context Examines current theory as well as the historical relationship between argument and rhetoric Provides detailed discussions of topics such as nature of the dialogical rhetorical context audiences and standards of appraisal Rhetorical Argumentation is designed to provide advanced undergraduate and graduate students with a clear understanding of the rhetorical view of argumentation and how it can be effective in contemporary society The book is an ideal text for courses in Communication Rhetoric Argumentation Informal Logic Critical Thinking and Conflict Resolution *Foundations of Business Communication* McKee,2021-08-04 **The Grammatical Foundations of Rhetoric** Bennison Gray,1977 [The Viability of the Rhetorical Tradition](#) Richard
