Guarded By Mystery Meaning In A Postmodern Age

Stephen J. Costello

Guarded By Mystery Meaning In A Postmodern Age:

Guarded by Mystery David Walsh, 1999 Clearly we have entered an era of heightened interest in spirituality The proliferation of books music and paraphernalia espousing the way of the spirit is a striking phenomenon Everywhere there is a new willingness to admit that the categories of rational thought the authority of science are no longer adequate to the task of making sense of our lives A search for meaning has become pervasive Equally striking has been the rise of experiential religion Evangelical and fundamentalist churches are the fastest growing denominations worldwide This is no accident for they respond exactly to the failure of the modern forms of life The modern ethos for all its technological prowess is experienced as an abyss of misery and confusion The only way out is to leap over the entire modern perspective to locate oneself within the security of a divinely revealed faith The difficulty according to author David Walsh is that neither the new age religions nor the old time religions have enabled us to leap out of the modern world The discovery of a source of meaning beyond that world does not automatically clarify all meaning within it Finding a way to link the modern rational order and a spirituality pointing beyond it is what this book is about *Guarded By Mystery* is a contemporary meditation on a problem that has been at the core of the human condition It is intended for all who have been perplexed by the disconnection between the two worlds in which they live Walsh explains how their experience of spiritual openness is meaningful within the modern world He shows how that world is itself dependent on the same sources of spiritual illumination they have discovered within themselves David Walsh is professor of politics at The Catholic University of America He is the author of numerous works including *After Ideology Recovering the Spiritual Foundations of Freedom* *The Growth of the Liberal Soul* and *The Third Millennium* Walsh writes about the spiritual quest in a time dubbed postmodern meaning that the older rational securities have been shattered Walsh ranges widely from literary criticism to politics and art in lifting up the luminous hints of the transcendent in the everyday A most thoughtful reflection that should have a broad appeal *First Things* At the beginning of a new century and new millennium we can be grateful for such a wise and experienced guide as David Walsh as we explore the promise and pitfalls in our historical moment Of most particular note is his intelligently hopeful understanding of the liberal democratic tradition and the ways in which modernity after a century of catastrophically wrong turns may now be fulfilling its aspiration toward transcendence As he convincingly argues the mystery to which contemporary thought is increasing open is not a threat but our surest guard Rev Richard John Neuhaus editor in chief *First Things* An engrossing read a superb tract for the times that is just made to order Walsh's book is an apologia for the reality of God and for God's grounding of human existence on both the personal and socio political levels in a postmodern time Prof William M Thompson Duquesne University Written for a general audience yet informed by the wisdom of the ages and enlivened by an elegant gift of language David Walsh's searching meditation on the heights and depths of human existence is a philosopher's illumination of reality of rare beauty and power It ranges from politics to faith to the arts to find glimmers of hope and unsuspected sources

of succor for a time out of joint It celebrates the individual human person as imago Dei the abiding glory of creation And it explores liberty the prize of personality and of political order alike through which we are uniquely drawn to meaningful partic

Subordinated Ethics Caitlin Smith Gilson,2020-08-21 With Dostoyevsky s Idiot and Aquinas Dumb Ox as guides this book seeks to recover the elemental mystery of the natural law a law revealed only in wonder If ethics is to guide us along the way it must recover its subordination description must precede prescription If ethics is to invite us along the way it cannot lead either as politburo or even as public orthodoxy It cannot be smugly symbolic but must be by way of signage of directionality of the open realization that ethical meaning is en route pointing the way because it is within the way as only sign not symbol can point to the sacramental terminus The courtesies of dogma and tradition are the road signs and guideposts along the longior via not themselves the termini We seek the dialogic heart of the natural law through two seemingly contradictory voices and approaches St Thomas Aquinas and his famous five ways and Fyodor Dostoyevsky s holy idiot Prince Myshkin It is precisely the apparent miscellany of these selected voices that provide us with a connatural invitation into the natural law as subordinated as descriptive guide not as prescriptive leader *Personalism for the*

Twenty-First Century Richard Avramenko,Thomas W. Holman,2025-03-15 A collection of essays assimilating and applying philosopher David Walsh s new personalist language of persons **Philosophy, Theology and the Jesuit Tradition**,2017-05-04 What does it mean to do theology and philosophy in our contemporary academia What is the notion of good life in the 21st century university One distinctive tradition of philosophical and theological investigation has been working since early modernity to offer answers to these questions the Society of Jesus founded in 1540 by Ignatius of Loyola The engaging and original contributions in this volume examine topics such as faith science and reason secularism naturalism humanism and Ignatian spirituality The opening text outlines the vision of Jesuit education and is followed by historical analyses of sources such as St Ignatius of Loyola and Mary Ward to show the relevance of these methodologies for other texts and practices The contributions explore the relationship between philosophy and theology challenge the dominant perspectives such as naturalism and secularisation and propose a new way of thinking This livelydiscussion engages with contemporary issues in the sphere of interreligious dialogue bioethics citizenship and human rights Transcendence and History Glenn Hughes,2003-05-01 Transcendence and History is an analysis of what philosopher Eric Voegelin described as the decisive problem of philosophy the dilemma of the discovery of transcendent meaning and the impact of this discovery on human self understanding The world s major religious and wisdom traditions are built upon the recognition of transcendent meaning and our own cultural and linguistic heritage has long since absorbed the postcosmological division of reality into the two dimensions of transcendence and immanence But the last three centuries in the West have seen a growing resistance to the idea of transcendent meaning contemporary and postmodern interpretations of the human situation both popular and intellectual indicate a widespread eclipse of confidence in the truth of transcendence In Transcendence and History Glenn

Hughes contributes to the understanding of transcendent meaning and the problems associated with it assisting in the philosophical recovery of the legitimacy of the notion of transcendence Depending primarily on the treatments of transcendence found in the writings of twentieth century philosophers Eric Voegelin and Bernard Lonergan Hughes explores the historical discovery of transcendent meaning and then examines what it indicates about the structure of history Hughes's main focus however is on clarifying the problem of transcendence in relation to historical existence Addressing both layreaders and scholars Hughes applies the insights and analyses of Voegelin and Lonergan to considerable advantage Transcendence and History will be of particular value to those who have grappled with the notion of transcendence in the study of philosophy comparative religion political theory history philosophical anthropology and art or poetry By examining transcendent meaning as the key factor in the search for ultimate meaning from ancient societies to the present the book demonstrates how the decisive problem of philosophy both illuminates and presents a vital challenge to contemporary intellectual discourse

Philosophy and the Flow of Presence Stephen J. Costello, 2014-07-18 This book is a philosophical exploration of desire drama and the divine Ground of being that pays particular attention to Eric Voegelin's symbol of the flow of presence in our lives It shows how this Flow may be impeded by anxiety or depression and how the solution involves attending to the meaning of the moment living meditatively in the present and discerning the divine desire Dr Costello's guides on this personal quest aside from Voegelin whose thought provides a philosophical framework for his exploration are Goethe Iris Murdoch Ety Hillesum and St Ignatius of Loyola

The Turn to Transcendence Glenn Olsen, 2010-06 A bold and provocative assessment of the current prospects for religion in our culture

As It Is in Heaven Caitlin Smith Gilson, 2022-04-05 The loss of a real and heartfelt belief in God and by real I mean an experience that is both steady and moving ethereal though down to earth sentimental but never trite comes from an earlier more foundational loss namely that of an ardent and directed desire for heaven and more specifically that paradisaic longing for the resurrected life This book seeks to recover the neglected nature of heaven degraded into something out there and unknown degraded further into a vague wish for immortality and the often empty words of consolation Or even worse the almost comic book reduction of heaven to an earthly social ist paradise the immanentization of the Christian eschaton The vague better place which is meant well often means nothing at all or worse than that can hamper us when approaching and engaging the mystery of grief This book will address and interrogate various questions about the nature of the afterlife on the status of guilt forgiveness friendship love embodiment sexuality and propose various paths to answers We are talking about that sacred innermost promise the hope of paradisaic reunion most secret and yet most universal never abstract and shapeless but embodied and individual We must wonder whether our casual forgetting of this estuary of human hope the resurrected life has caused us to lose ourselves in such a way that we do not even know what we have lost

Guarded by Mystery David Walsh, 1999 Clearly we have entered an era of heightened interest in spirituality The proliferation of books music and paraphernalia espousing

the way of the spirit is a striking phenomenon Everywhere there is a new willingness to admit that the categories of rational thought the authority of science are no longer adequate to the task of making sense of our lives A search for meaning has become pervasive Equally striking has been the rise of experiential religion Evangelical and fundamentalist churches are the fastest growing denominations worldwide This is no accident for they respond exactly to the failure of the modern forms of life The modern ethos for all its technological prowess is experienced as an abyss of misery and confusion The only way out is to leap over the entire modern perspective to locate oneself within the security of a divinely revealed faith The difficulty according to author David Walsh is that neither the new age religions nor the old time religions have enabled us to leap out of the modern world The discovery of a source of meaning beyond that world does not automatically clarify all meaning within it Finding a way to link the modern rational order and a spirituality pointing beyond it is what this book is about *Guarded By Mystery* is a contemporary meditation on a problem that has been at the core of the human condition It is intended for all who have been perplexed by the disconnection between the two worlds in which they live Walsh explains how their experience of spiritual openness is meaningful within the modern world He shows how that world is itself dependent on the same sources of spiritual illumination they have discovered within themselves David Walsh is professor of politics at The Catholic University of America He is the author of numerous works including *After Ideology Recovering the Spiritual Foundations of Freedom The Growth of the Liberal Soul and The Third Millennium* Walsh writes about the spiritual quest in a time dubbed postmodern meaning that the older rational securities have been shattered Walsh ranges widely from literary criticism to politics and art in lifting up the luminous hints of the transcendent in the everyday A most thoughtful reflection that should have a broad appeal *First Things* At the beginning of a new century and new millennium we can be grateful for such a wise and experienced guide as David Walsh as we explore the promise and pitfalls in our historical moment Of most particular note is his intelligently hopeful understanding of the liberal democratic tradition and the ways in which modernity after a century of catastrophically wrong turns may now be fulfilling its aspiration toward transcendence As he convincingly argues the mystery to which contemporary thought is increasingly open is not a threat but our surest guard Rev Richard John Neuhaus editor in chief *First Things* An engrossing read a superb tract for the times that is just made to order Walsh's book is an apologia for the reality of God and for God's grounding of human existence on both the personal and socio political levels in a postmodern time Prof William M Thompson Duquesne University Written for a general audience yet informed by the wisdom of the ages and enlivened by an elegant gift of language David Walsh's searching meditation on the heights and depths of human existence is a philosopher's illumination of reality of rare beauty and power It ranges from politics to faith to the arts to find glimmers of hope and unsuspected sources of succor for a time out of joint It celebrates the individual human person as *imago Dei* the abiding glory of creation And it explores liberty the prize of personality and of political order alike through which we are uniquely drawn to meaningful partic

The Collected Works of Eric Voegelin: Order and

history, v. 5. In search of order Eric Voegelin,1989 **The Political Philosophy of Eric Voegelin and His Followers**

David R. Cole,2008 This work is the first book length criticism of the political philosophy of the noted twentieth century professor and theorist **The Review of Metaphysics** ,2000 **International Bibliography of Book Reviews of**

Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences ,1999 **Modern Age**

Russell Kirk,2002 In Defense of Human Dignity Robert P. Kraynak,Glenn E. Tinder,2003 Robert Kraynak And Glenn Tinder Contend that the major challenge of our time is to recover a true and authentic understanding of human dignity and to defend it against threats from modern civilization In Defense of Human Dignity wrestles with the dilemma that contemporary society has developed a heightened sensitivity to the demands of human dignity while creating radically new dangers to humanity in the form of the totalitarian state modern technology genetic engineering the practical ethics movement and radical environmentalism The inspiration for this volume is the publication twenty years ago of the Covey Lectures by Glenn Tinder under the title Against Fate in which Tinder argued that the sanctity of every individual is the central moral intuition of the Western tradition **The Journal of Mississippi History** ,2004 Includes section Book reviews *Christians and Muslims in the Commonwealth* Anthony O'Mahony,Ataullah Siddiqui,2001 **Evangelical Studies Bulletin** ,1998

Technology, Science, and Democracy Lee Trepanier,2010 In cooperation with the Grace A Tanner Center for Human Values 2008 Order and History Eric Voegelin,Ellis Sandoz,2000 This third volume of Order and History completes Voegelin s study of Greek culture from its earliest pre Hellenic origins to its full maturity with the dominance of Athens As the title suggests Plato and Aristotle is principally devoted to the work of the two great thinkers who represent the high point of philosophic inquiry among the Greeks Through an absorbing analysis of the Platonic and Aristotelian vision of soul polis and cosmos Voegelin demonstrates how the symbolic framework of the older myth was superseded by the more precisely differentiated symbols of philosophy Although this outmoding and rejection of past symbols of truth might seem to lead to a chaotic and despairing relativism Voegelin makes it the basis of a profound conception of the historical process the attempts to find the symbolic forms that will adequately express the meaning of a society while imperfect do not form a senseless series of failures For the great societies have created a sequence of orders intelligibly connected with one another as advances toward or recessions from an adequate symbolization of the truth concerning the order of being of which the order of society is a part In this view history has no obvious meaning yet each society makes a similar venture after truth Although every society works out its destiny under different conditions each nonetheless creates symbols in its deeds and institutions which bear the meaning of its own existence History then acquires a unity in the common endeavor toward meaning and order The rationality and nobility of this view of history has much to say to the present age Dante Germino s powerful introduction to this edition of Plato and Aristotle eloquently directs the reader into Voegelin s search through the thought of these two philosophers and toward a full understanding of their relevance to the modern world This masterpiece Germino

argues provides a welcome antidote to the spirit of an era Voegelin once called the Gnostic age
