Bevens, 2009 A comprehensive work on doing theology as part of the Catholic ecclesial community in today s world [The Oxford History of Protestant Dissenting Traditions, Volume V](#) Mark P. Hutchinson, 2018-10-17 The five volume Oxford History of Protestant Dissenting Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in Britain and Ireland as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and Royal Supremacy but then follows those traditions as they spread beyond Britain and Ireland and also analyses newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it

does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier British and Irish dissent but that have often defined a trajectory of influence independent of ecclesiastical organizations The Oxford History of Protestant Dissenting Traditions Volume V follows the spatial cultural and intellectual changes in dissenting identity and practice in the twentieth century as these once European traditions globalized While in Europe dissent was often against the religious state dissent in a globalizing world could redefine itself against colonialism or other secular and religious monopolies The contributors trace the encounters of dissenting Protestant traditions with modernity and globalization changing imperial politics challenges to biblical denominational and pastoral authority local cultures and languages and some of the century s major themes such as race and gender new technologies and organizational change In so doing they identify a vast array of local and globalizing illustrations which will enliven conversations about the role of religion and in particular Christianity Toward Decentering the New Testament Mitzi J. Smith, Yung Suk Kim, 2018-08-21 Toward Decentering the New Testament is the first introductory text to the New Testament written by an African American woman biblical scholar and an Asian American male biblical scholar This text privileges the voices scholarship and concerns of minoritized nonwhite peoples and communities It is written from the perspectives of minoritized voices The first few chapters cover issues such as biblical interpretation immigration Roman slavery intersectionality and other topics Questions raised throughout the text focus readers on relevant contemporary issues and encourage critical reflection and dialogue between student teachers and teacher students Jesus and the Gospels, Third Edition Craig L. Blomberg, 2022-11-15 In Jesus and the Gospels New Testament scholar Craig Blomberg immerses the reader in the historical and cultural world of Gospel narratives for them to better understand and appreciate their focal point Jesus of Nazareth **The Sermon on the Mount and Human Flourishing** Jonathan T. Pennington, 2017-06-20 Jesus Creed 2017 Commentary of the Year Outreach 2018 Resource of the Year Theology A Top Five Reference Book for Parish Ministry in 2017 Academy of Parish Clergy The Sermon on the Mount one of the most influential portions of the Bible is the most studied and commented upon portion of the Christian Scriptures Every Christian generation turns to it for insight and guidance In this volume a recognized expert on the Gospels shows that the Sermon on the Mount offers a clear window into understanding God s work in Christ Jonathan Pennington provides a historical theological and literary commentary on the Sermon and explains how this text offers insight into God s plan for human flourishing As Pennington explores the literary dimensions and theological themes of this famous passage he situates the Sermon in dialogue with the Jewish and Greek virtue traditions and the philosophical theological question of human flourishing He also relates the Sermon s theological themes to contemporary issues such as ethics philosophy and economics You Never Step into the Same Pulpit Twice Ronald J. Allen, 2022-06-23 This volume develops an approach to preaching that brings together two important forces One is process theology and the other is a homiletic of conversation based on mutual critical correlation

In this approach the preacher does not unilaterally announce the Word of God but is the leader of an exciting conversation involving the biblical text process theology the congregation and voices from the larger world The preacher seeks to help the congregation identify God s invitations towards inclusive well being and to imagine how to respond in ways that are consistent with those invitations that promote inclusive well being The book begins with a crisp and clear summary of the worldview of process theology highlighting its distinctive views on how God operates in the world through invitation and on the interrelationship of all things The work then outlines an approach to biblical exegesis informed by process perspectives and sketches a method for bringing the biblical voice into dialogue with voices from tradition contemporary theology and the congregation and preacher The volume suggests shaping the sermon to honor process theology and conversation The volume concludes by noticing how perspectives from process and conversation help the preacher embody the sermon in engaging ways

The Old Testament in the Life of God's People E. A. Martens, 2009. This book celebrates the contributions to Old Testament theology of Elmer A. Martens, President and Professor of Old Testament at Mennonite Brethren Biblical Seminary, Fresno, California, both positions now Emeritus. It includes 3 essays written by Martens himself as well as 15 others written by his former students, colleagues, friends, and even one of his professors. The essays are clustered around three topics: Christians' use of the Old Testament, aligning God's people with God's call for justice, and addressing the issue of land in the life of God's people, each of which reflects an area of special interest to Martens. A biographical sketch, a list of the honoree's varied publications, and indexes are included. Martens has had a productive career as teacher, author, and preacher, a career spanning almost six decades and five continents. After 40 years of seminary teaching, Elmer is known to many as professor. He taught his signature class, Old Testament theology, from 1968 to 2004 at Mennonite Brethren Biblical Seminary, shaping an entire generation of preachers and Bible teachers. His Old Testament theology textbook, *God's Design*, now in its third edition, continues to be used at the seminary as well as in translation in numerous other schools around the world. Urban Christianity and Global Order Andrew Davey, 2001. An introduction to urban theology and mission which takes into account the rapid spatial, social, and religious changes associated with urbanisation and globalisation. Beginning with a definition and description of key terms, the book then examines the characteristics of contemporary urban experience and examines the response of the Church to this reality. Finally, the book offers a number of theological resources for Christian presence and witness in towns and cities, with glimpses of future issues and trends.
