

Southern Africa is especially well-endowed with bird species, 722 of which breed in the region. Many of these species build nests of astonishing complexity and intricacy, others lay eggs that are breathtaking in their beauty. *A Guide to the Nests and Eggs of Southern African Birds* provides a detailed and comprehensive guide to the nests and eggs of the bird species that breed in the region. A concisely written and easily understandable text provides species-by-species accounts of the nesting habits of each, the types of nests they build, and a summary of their breeding biology (laying months, clutch size, egg size, incubation and nestling periods). Nearly 2 000 photos provide a graphically accurate and colourful portrayal of their nests and eggs.

Whatever your interest in southern Africa's birds is, this book will provide an invaluable reference.

#### FEATURES INCLUDE

- Tips on when, where and how to find and identify nests
