Hanson Jarrod Gollihare,2000 *Diario Oficial* Colombia,1959 *Boletin oficial* Cámara oficial de comercio española de Filipinas,1922 ¿Quién manda aquí? Felipe González,Gerson Damiani,José Fernández-Albertos,2017-03-23 Un análisis profundo y penetrante sobre la actual crisis de la democracia representativa El modelo de gobernanza de las sociedades occidentales está en crisis Los pilares básicos que sostienen a las democracias representativas son cada vez más cuestionados por los ciudadanos que viven en ellas Muchos votantes sienten que sus preferencias no son suficientemente tenidas en cuenta por los políticos y se abren paso formas alternativas de canalizar las demandas ciudadanas A su vez los gobiernos se quejan de los cada vez mayores obstáculos y restricciones a las que se enfrentan a la hora de llevar a cabo sus políticas Y los principios fundacionales de división de poderes gobiernos de mayor aya y rendición de cuentas democrática se ven erosionados En Quién manda aquí La crisis global de la democracia representativa se recogen trabajos de algunos de los principales expertos que tratan de aportar luz a estos problemas y ofrecer algunas soluciones organizados en torno a cuatro cuestiones básicas que hacen que los gobiernos sean hoy percibidos como inefectivos por que les cuesta a los parlamentos cumplir su papel representativo como entender la creciente conflictividad en las relaciones entre poderes y en qué medida la globalización afecta a la viabilidad de la democracia representativa como forma de gobierno Canning House Library, Hispanic Council, London: Author Catalogue [and Subject Catalogue] Hispanic & Luso Brazilian Councils. Canning House Library,1967 **A Life Together** Eric Van Young,2021-05-25 An eminent historian's biography of one of Mexico's most prominent statesmen thinkers and writers Lucas Alamán 1792-1853 was the most prominent statesman political economist and historian in nineteenth century Mexico Alamán served as the central ministerial figure in the national government on three occasions founded the Conservative Party in the wake of the Mexican American War and authored the greatest historical work on Mexico's struggle for independence Though Mexican historiography has painted Alamán as a reactionary Van Young's balanced portrait draws upon fifteen years of research to argue that Alamán was a conservative modernizer whose north star was always economic development and political stability as the means of drawing Mexico into the North Atlantic world of advanced nation states Van Young illuminates Alamán's contribution to the course of industrialization advocacy for scientific development and unerring faith in private property and institutions such as church and army as anchors for social stability as well as his less commendable views such as his disdain for popular democracy **Subject Catalog** Library of Congress,1977 **Bulletin** United States. Office of Education,1945 **Discursive Disruption, Populist Communication and Democracy** Elena Block,2022-03-03 In *Discursive Disruption Populist Communication and Democracy* Elena Block explores the links between declining democratic discourses populist communication and reflects on the communicative and moral dimensions of populism Block proposes the concept of discursive disruption to help to identify analyze and understand the disruptive power of populist speech turning to the communicative styles of Venezuela's late President Hugo Chávez and

the US s President Donald J Trump to illustrate and support this new conceptual and analytical tool While the mainstream political class and media traditionally sought to manage the processes of political communication the book contends that they have now been displaced and their role has been undermined Middle ground politics and journalism have been substituted by the adversarial rhetorical styles of populists multiplied through multi fragmented channels texts and voices With this book Block continues her introspection in the conceptual communicative and mediatic dimensions of populism by adding a perspective that draws on democratic and discursive theories Discursive Disruption Populist Communication and Democracy is ideally designed for scholars and professional communicators in political science and communication studies eager to understand the connection between weakening discourses of modern democracy and the pervasiveness of confrontational styles of populist communication in contemporary political exchanges
