## Harold's End:

*Harold's End* J. T. LeRoy, 2004 Harold's end is a street hustler power ballad from San Francisco novelist JT Leroy A young boy finds solace in a gift from an older seemingly compassionate man As with other Leroy stories it goes from dark to incomprehensibly black Internationally renowned Australian artist Cherry Hood has created eight unique watercolour paintings based on the character descriptions in the story

**Heroes and Anti-heroes in Medieval Romance** Neil Cartlidge, 2012 Investigations into the heroic or not behaviour of the protagonists of medieval romance Medieval romances so insistently celebrate the triumphs of heroes and the discomfiture of villains that they discourage recognition of just how morally ambiguous antisocial or even downright sinister their protagonists can be and correspondingly of just how admirable or impressive their defeated opponents often are This tension between the heroic and the antiheroic makes a major contribution to the dramatic complexity of medieval romance but it is not an aspect of the genre that has been frequently discussed up until now Focusing on fourteen distinct characters and character types in medieval narrative this book illustrates the range of different ways in which the imaginative power and appeal of romance texts often depend on contradictions implicit in the very ideal of heroism Dr Neil Cartlidge is Lecturer in English at the University of Durham

**Wrong** Diarmuid Hester, 2020-06-01 Dennis Cooper is one of the most inventive and prolific artists of our time Working in a variety of forms and media since he first exploded onto the scene in the early 1970s he has been a punk poet a queercore novelist a transgressive blogger an indie filmmaker each successive incarnation more ingenious and surprising than the last Cooper's unflinching determination to probe the obscure often violent recesses of the human psyche have seen him compared with literary outlaws like Rimbaud Genet and the Marquis de Sade In this the first book length study of Cooper's life and work Diarmuid Hester shows that such comparisons hardly scratch the surface A lively retrospective appraisal of Cooper's fifty year career Wrong tracks the emergence of Cooper's singular style alongside his participation in a number of American subcultural movements like New York School poetry punk rock and radical queercore music and zines Using extensive archival research close readings of texts and new interviews with Cooper and his contemporaries Hester weaves a complex and often thrilling biographical narrative that attests to Cooper's status as a leading figure of the American post War avant garde

**Space and Narrative in the Nineteenth-Century British Historical Novel** Tom Bragg, 2016-03-31 Demonstrating that nineteenth century historical novelists played their rational trustworthy narrators against shifting and untrustworthy depictions of space and place Tom Bragg argues that the result was a flexible form of fiction that could be modified to reflect both the different historical visions

of the authors and the changing aesthetic tastes of the reader Bragg focuses on Scott William Harrison Ainsworth and Edward Bulwer Lytton identifying links between spatial representation and the historical novel s multi generic rendering of history and narrative Even though their understanding of history and historical process could not be more different all writers employed space and place to mirror narrative stimulate discussion interrogate historical inquiry or otherwise comment beyond the rational factual narrator s point of view Bragg also traces how landscape depictions in all three authors works inculcated heroic masculine values to show how a dominating theme of the genre endures even through widely differing versions of the form In taking historical novels beyond the localized questions of political and regional context Bragg reveals the genre s relevance to general discussions about the novel and its development Nineteenth century readers of the novel understood historical fiction to be epic and serious moral and healthful patriotic but also universal Space and Narrative in the Nineteenth Century British Historical Novel takes this readership at its word and acknowledges the complexity and diversity of the form by examining one of its few continuous features a flexibly metaphorical valuation of space and place
