Eye Is Not Enough On Seeing And Remembering:

Remembering Our Oneness Thomas Paul Hansen,2012-12-13 In his previous metaphysical book Trying to Remember Dr Thomas Paul Hansen explored this question and statement Are you a spiritual being having a physical experience or a physical being having an occasional spiritual experience Which one you believe makes all the difference in the world In his new book Remembering Our Oneness learn how to live as the spiritual being that you are even while experiencing this illusion of a physical universe Learn how to be in this world but not of this world Learn how to co create a world of peace that will help all of us awaken to our true Godself nature We can take concrete action for peace in the world and at the same time remember that our true spiritual nature is already inside each one of us Did we actually make this physical universe ourselves with our minds Why would we have done so Find out why the old seeing is believing concept should be changed to believing is seeing
